

Policy workshop on

***The Belgian Energy System towards 2050: Where are we heading to?***

November 27, 2014, 13.00 – 17.00

KU Leuven, Campus Brussels

On October 17, 2014, the Federal Planning Bureau presented the fifth edition of its tri-annual long-term energy outlook. The report describes the Belgian energy system and how it could evolve if no additional European or Belgian policy measures are adopted in the future. The publication outlines the evolution of the Belgian energy system up to 2050. Analysing the simulation results allows drawing conclusions about the possible need for additional policies and measures in the light of the European climate and energy framework for 2030 and the low carbon economy by 2050. The publication also focuses on two topical themes that dominate the Belgian energy debate: the generation adequacy of the future Belgian power system and the evolution of the cost of energy in some important Belgian industries.

The core messages of the publication will be summarised by the two authors of the report. Three stakeholder representatives will be given the opportunity to challenge the conclusions of the report. There will be ample room for an open discussion with the audience.

**PROGRAM**

13:00	Registration & welcome coffee & tea
13:25	Welcome and opening
13:30:	<b>Danielle Devogelaer</b> ( <a href="#">Federal Planning Bureau</a> ) <i>Generation adequacy outlook in a bipolar electricity system.</i>
14:15:	<b>Dominique Gusbin</b> ( <a href="#">Federal Planning Bureau</a> ) <i>Energy and competitiveness: evolution of the cost of energy in some Belgian industries.</i>
15:00:	Coffee break
15:15:	Discussant 1: <b>Johan Albrecht</b> (Professor & Energy economist, UGent) Discussant 2: <b>Frank Vandermarliere</b> (Director Energy, Agoria) Discussant 3: <b>Geert Meynckens</b> (Energy expert, INEOS ChlorVinyls)
16:00:	General discussion
16:30:	Drinks

## Remark

To enable free discussions, the *Chatham-House* rule applies to this workshop:

*“When a meeting, or part thereof, is held under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed”.*

## Registration

Attendance to the workshop is free, but registration is required.

Please register before November 20 on the website of the BAEE (<http://www.baee.eu/events.html>)

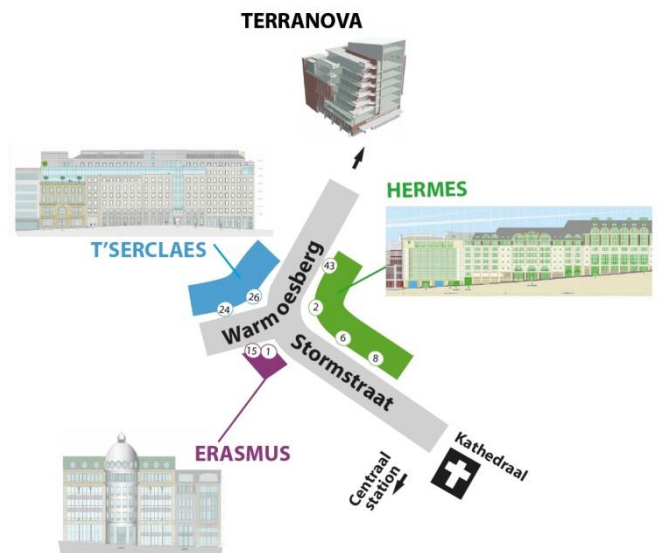

## Venue

KU Leuven, Campus Brussel  
 Hermes building (green building)  
 Stormstraat 2 (room 6303)  
 1000 Brussels

Enter via the main entrance in [Hermes 1](#). Take the elevator to the 4<sup>th</sup> floor. Leave left to the end of the corridor, where signs will show you the way to the 6<sup>th</sup> floor in the [Hermes 3](#) building.

*KU Leuven Campus Brussels is a 10 minute walk from the [Brussels Central Station](#).*

## CAMPUS BRUSSEL

## Thanks

The BAEE thanks the KU Leuven, Campus Brussel for hosting this workshop.
